Ashford Library Adds Tool-Lending Collection

ASHFORD (March 3)—Residents of Ashford can now borrow more than books from their public library. Last week, the Ashford Public Library opened a tool-lending collection that includes power drills, ladders, garden equipment, and sewing machines. Library card holders may borrow up to three tools at a time for one week, and items can be renewed once if no one else has requested them.

The collection was made possible by a $40,000 grant from the Ashford Community Foundation, along with donations of used tools from local residents and two hardware stores. Head librarian Martin Hale said the idea came from a survey conducted last fall, in which many residents said they needed tools for occasional home repairs but could not justify buying them.

Small Bakery, Big Following

By Lucas Grant

When Mira Santos opened Crumb & Co. in a former shoe repair shop on Hollis Street in 2019, she baked everything herself in a kitchen barely large enough for two ovens. — [1] —. Today the bakery employs fourteen people, supplies bread to nine restaurants, and regularly has a line out the door on weekend mornings.

Ms. Santos credits much of that growth to a decision she made during her first winter, when sales slowed. Rather than lower her prices, she began offering a monthly bread subscription, in which customers pay in advance for one loaf each week. — [2] —. The program gave the bakery a steady income during slow months and helped Ms. Santos plan how much flour to order.

The bakery's success has not come without difficulties. Last year, the rising cost of butter forced Ms. Santos to raise the price of her croissants twice. — [3] —. Some customers complained at first, but sales recovered within a few weeks.

Next month, Crumb & Co. will open a second location in the Eastgate Mall. Unlike the original shop, it will not have its own kitchen; instead, baked goods will be delivered there each morning from Hollis Street. — [4] —.

164. What is the article mainly about?

(A) The opening of a shopping mall
(B) The growth of a local bakery
(C) A shortage of butter in the region
(D) Changes to a shoe repair business

We've had more than 110 registrations so far.

Marco Rossi (1:20 P.M.)

Marston Express to Add Stops, Change Schedule

MARSTON (August 18)—Beginning September 1, the Marston Express, the bus service that connects downtown Marston with Marston International Airport, will add two stops and run more frequently during the morning rush. Buses currently stop only at Central Station and the airport's two terminals; under the new schedule, they will also stop at the Riverside Convention Center and the Oakdale Park-and-Ride lot.

Between 5 A.M. and 9 A.M., buses will depart every 15 minutes instead of every 30. Service during the rest of the day will remain unchanged. The one-way fare will rise from $8 to $9, the first increase in six years, though riders who purchase a monthly pass will continue to pay $120.

Transit director Alana Brooks said the changes were made in response to rider surveys. "Travelers attending conventions told us they wanted a direct connection to the airport," she said. The Oakdale lot, which has 400 parking spaces, will allow commuters from the suburbs to leave their cars and take the bus downtown or to the airport.

Hello,

I fly from Marston to Chicago for work about twice a month, and I have always taken the Marston Express from Central Station. Since I live in Oakdale, I was pleased to read that the bus now stops at the park-and-ride lot near my home. However, when I arrived there at 6:10 this morning, the posted schedule showed that the first bus would not leave until 7:00. Is this correct? According to the article I read, buses run every 15 minutes in the early morning.

Also, I paid for my ticket in cash on the bus. I still have a one-way ticket that I bought in July but never used. Can I use it on my next trip, or will I need to pay the difference?

Subject: Registration question

Hello,

I own a small gift shop in Victoria, and I registered for the summit online this morning. Because my assistant manager will be on vacation that week, I can be away from the shop for only one day, so I purchased a pass for May 13. I am particularly interested in the workshop on pricing, but when I tried to reserve a place, the system showed that it was full. Could you add me to a waiting list? If that is not possible, I will attend the session that takes place at the same time instead.

I also noticed that I was not offered the association discount, even though I joined the Pacific Retail Association last year. Could you check whether it was applied?

On Friday, October 3, Thornbury Insurance will hold its fifth annual Community Service Day. Employees who participate will spend the day volunteering at one of several local organizations and will be paid their regular wages. Transportation will be provided from our main office, and lunch will be served at each site.

To take part, please complete the sign-up form on the HR page of the intranet by September 19 and list your top two choices. Because some projects involve physical work, such as planting and painting, please wear clothing appropriate for your assignment. Staff who are unable to participate on October 3 may instead volunteer on a weekend of their choosing before the end of the year and receive one additional vacation day.

Hi Rachel,

I'm sorry I missed the sign-up deadline. I was meeting clients in Denver all last week and only returned to the office on Monday. I would still very much like to take part. Last year I helped paint classrooms at an elementary school, and I'd be happy to do similar work this time. If that site is already full, I'd also enjoy working outdoors.

One more thing: my team has a client presentation scheduled for the afternoon of October 3. Would it be possible for me to get back to the office by 1 P.M.?

We look forward to cooking with you!

Worth every penny

★★★★★

I took two courses at Salt & Thyme this spring, and I can't recommend the school enough. The Saturday class was my favorite: our instructor, Celia Moreno, used to run a bakery in Montreal, and she shared tricks I had never seen in any cookbook.

My only complaint is about parking. On my first Tuesday evening, I arrived at 5:45 and the lot behind the building was already full, so I had to park three blocks away and almost missed the kitchen tour. After that, I took the bus. —Noah Brennan, May 10
